Fostering engagement

Kazakhstan is one of Central Asia's most resource-rich countries. Crude oil and natural gas form the cornerstone of the Kazakh economy.

Trade and economic cooperation between Kazakhstan and Germany reflects the steadily growing and continuous search of new opportunities at regional and federal levels. Therefore Kazakhstan is rightfully considered a valuable partner for Germany.

Unlock the potential of this emerging market! We advise you competently and comprehensively throughout all your business ventures.

RÖDL

Our presence in Kazakhstan

As Central Asia's largest country and a major producer of natural resources, Kazakhstan is an extremely important market with vast potential. A stable political climate has also contributed to the country's increasing appeal to medium and large western enterprises. The commercial centre of Kazakhstan is Almaty, "the city of Apples", situated in the south of the country.

For years Kazakhstan has been the most important Central Asian market for German entrepreneurs – and the country can boast the highest number of German companies and representative offices with presence at its market for that reason.

Over 900 German companies, including representative offices of many German companies and banks as well as joint ventures, are currently active in Kazakhstan against the background of approximately 1500 economic formations with participation of German capital. The Kazakhstani market enjoys steadily growing interest of German companies.

RÖDL assists you in Kazakhstan from our office in Almaty.
